## Conceptual Map

### Textual description of the Cmap:

The concept map depicts relationships between key organizational elements. **Digital Transformation [410]** acts as a central hub, enabled by **Continuity [320]** and supporting **Technical Debt [460]**. **Privacy [240]** enhances Digital Transformation through Enablement. **Enterprise Architecture [401]** provides the foundation for Digital Transformation, aligning with **Governance of IT [200]**, which oversees IT and supports **Human Capital [270]**. Human Capital develops **Management Systems [201]**, which in turn support organizational continuity. Technical Debt management mitigates **InfoSec [221]** risks, protecting Privacy, while Governance of IT ensures compliance and reduces Technical Debt. The **COO [390]** integrates Enterprise Architecture, providing oversight and support.
