

An [100]Organization contains a [102]Business Organization (BO).

Each BO defines its own [112] Governance, Risk and Compliance(GRC) rules.

This influences [113] Governance that establishes a [151] Management System that has a [116]Policy that is followed.

[130] Compliance is influenced by GRC that enforces a [117]Corporate Culture that follows [118]Ethics.

[140] Risk Management is influenced by GRC as well.
