Textual Description:

The conceptual map showcases the dynamic interplay of key elements: [113] Governance, [140] Risk Management, [117] Corporate Culture, and [130] Compliance. Governance lays the foundation, steering decision-making and structure. Risk Management, intertwined with governance, navigates risks, while Corporate Culture shapes attitudes towards them. Compliance, supported by governance and culture, ensures adherence to regulations. [149] ERM (Enterprise Risk Management) offers holistic risk oversight, complemented by [138] RegTech's technological solutions. Guiding these efforts, the [111] BoD (Board of Directors)/Top Management ensures alignment with policies. This cohesive approach fortifies the organization's resilience and propels its success.
