

[113] Governance oversees the entire system of governance, [140] Risk, and [130] Compliance.

[117] Culture shapes the values and norms governing behavior within the organization and can also be influenced by national cultures and traditions and can be shaped by [113] Governance.

[130] Compliance depends on [137] Regulatory Agency which is responsible for creating and enforcing regulations, while [141] Vulnerability, [144] Consequence, [146] Control and [149] ERM are all concepts related to [140] Risk and all the steps to deal with it, from prevention to contingency. [150] Management is responsible for managing [140] Risk.
