# Essay 1 - Business Governance

110958 - David Neves

Textual Description:

Successful organizations thrive on a foundation of [113] Governance, [130] Compliance, and [118] Ethical Values. This framework is bolstered by a strong [117] Corporate Culture, while focusing on [140] Risk Management, especially on [220] Data Protection. [113] Governance establishes the framework for [102] Business Organization, defining its roles and responsibilities. [116] Policies are crafted to guide ethical conduct. [130] Compliance ensures safeguarding against legal and [140] Risk Management. It requires a proactive approach aligned with [120] Strategy (Organization). [118] Ethical Values are the cornerstone of [117] Corporate Culture, shaping behaviors and decisions. In the realm of human resources, [271] Capacity Management ensures the talent is in place to execute [120] Strategy.
